## SUMMARY

Enthusiastic Computer Science student with a solid background in Python, SQL, and data analysis, eager to apply my skills in an Engineering Analyst role. Certified in Python Programming and Software Skills Development, I am dedicated to continuous learning and keeping pace with industry trends. Skilled in SQL for structuring, managing, and optimizing databases to facilitate data-driven insights. I excel in collaborative settings, contributing to innovative solutions and applying analytical thinking to improve efficiency. With a strong interest in Machine Learning and process optimization, I am keen to explore advanced technologies and drive meaningful impact.
